

Cloud-manageable Digital Signage Plans

Two different cloud service plans available!

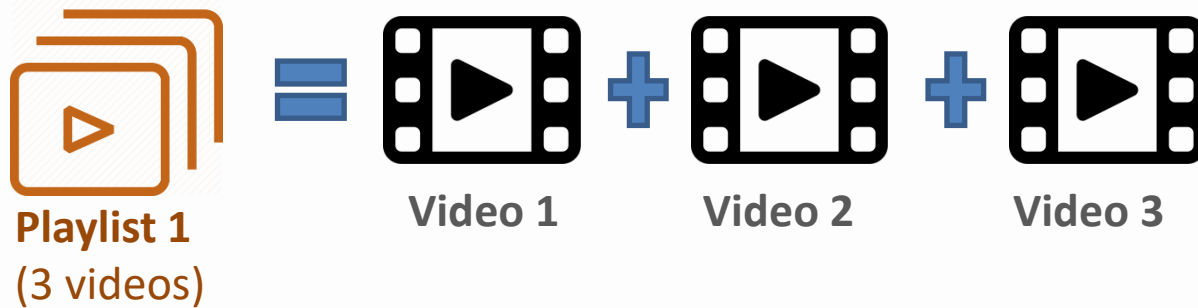

In order to provide more value to the customers, we have launched **Enterprise plan** of Cloud-based digital signage with more features in addition to existing **Standard plan** that we have been using.

Feature	Standard	Enterprise
Upload Image, Video, Audio, Document Files	Y	Y
Use Live Streams and Web Pages	Y	Y
Playlists	Y	Y
Overlays	Y	Y
Scheduling	Y	Y
Playlists within Playlists		Y
Tag-Based Playlists		Y
Device Groups		Y
Custom Roles and Permissions		Y
Playback Report		Y
2-Factor Authentication		Y

Playlists within Playlists

Save time and simplify the work with playlists.

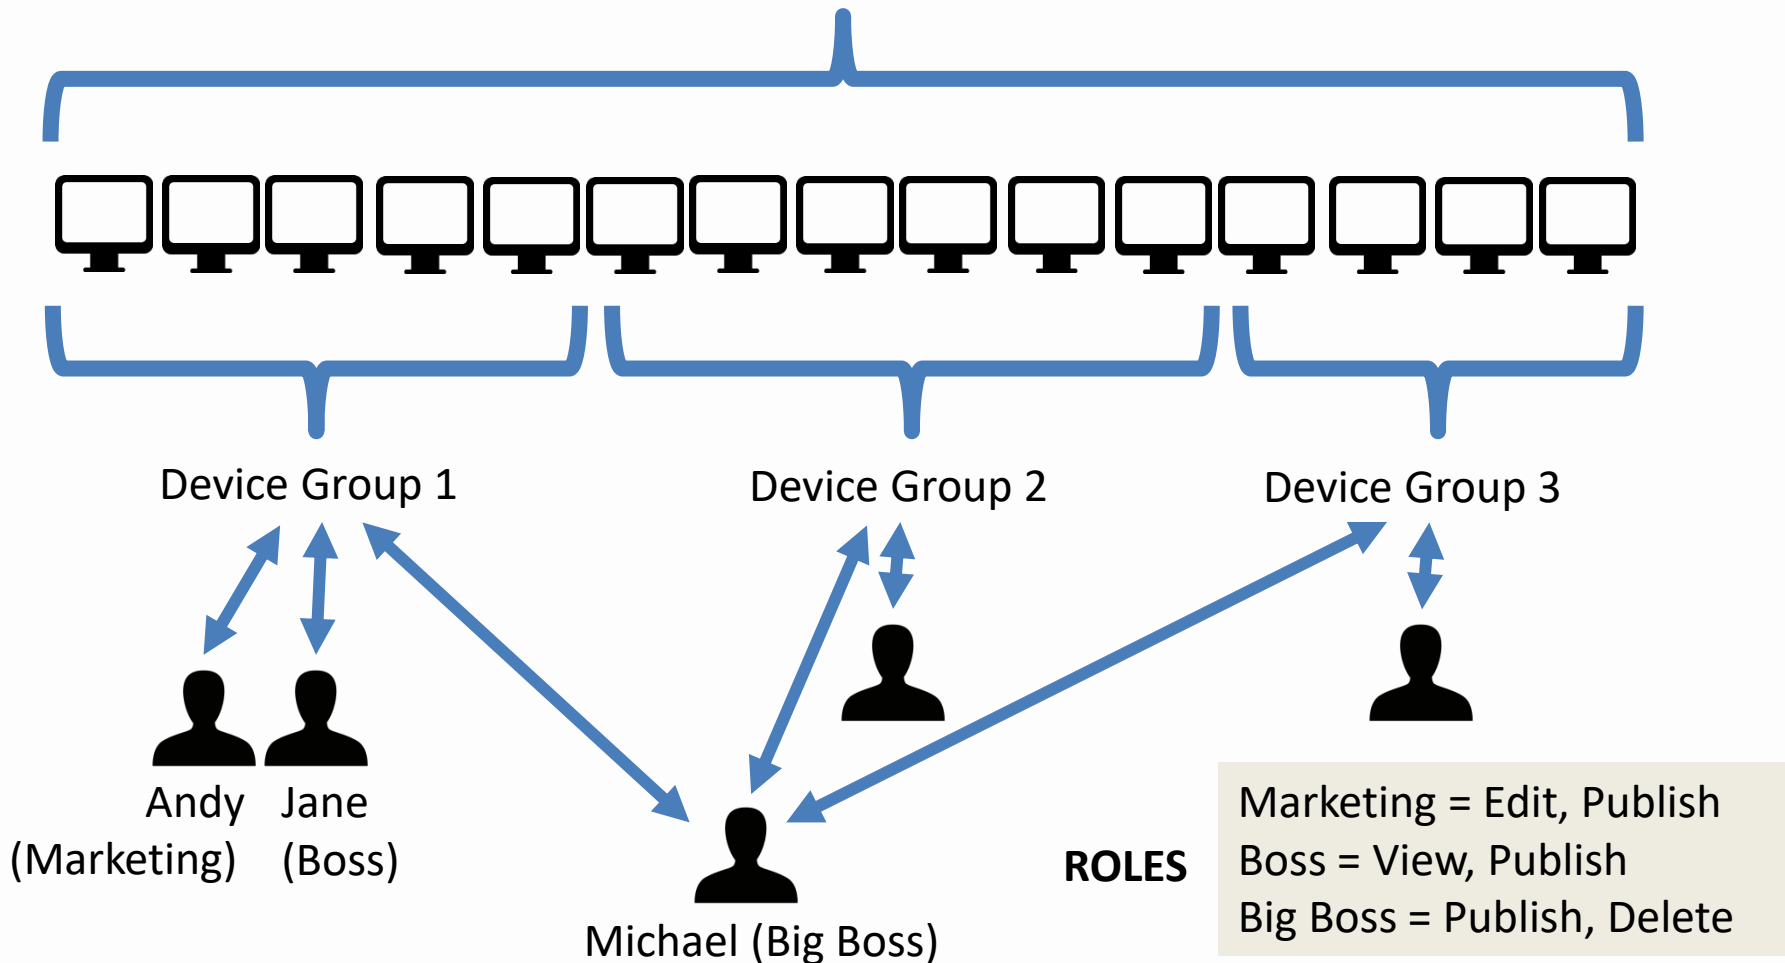

Modifying the Playlist 1 content will also affect the Playlist 2, without needing to modify Playlist 2 – saves time!

Device Groups & Custom Roles & Permissions

Customer's account in app.acti.com with 15 monitors.

Ordering Numbers (per monitor per month, USD)

Plan	Standard	Enterprise
Ordering Number	LCMMS1000	LCMMS3000

Both Standard and Enterprise plans are **available!**
MDS-100 player is compatible with both plans.
